THE BULLETIN OF THE AMERICAN ASSOCIATION OF PUBLIC HEALTH DENTISTS

# INDEX TO VOLUMES V AND VI (1945 and 1946)

The following Index lists titles of all articles and names of all authors that have appeared in the BULLETIN during the years 1945 and 1946. Important subjects are also listed. Titles of articles have all important words capitalized; subject-headings do not. Editorials are listed under those headings, alphabetically by title; Quarterly Questions under that heading, alphabetically by title. Items of importance published under these three headings are also indexed by title or by subject, occasionally by both. Contributors to Quarterly Questions and other symposiums are not included in the Index, unless their names appear as authors of articles. Matters pertaining directly to the A. A. P. H. D. or other associations are listed under the names of the associations, and important items of this nature are also listed by subjects.

Volumes of the A.A.P.H.D. BULLETIN for 1945 and 1946 consist of February, May, August, and November issues. Volumes for 1941 to 1944 inclusive consist of January, April, July, and October issues.
